

CHANGES TO THE SALE OF AMMUNITION

Please note the NSW Government has introduced major changes to the sale of ammunition in Australia.

From March 4th, 2013: St Marys Indoor Shooting Centre will be required to record the name and address of all customers who purchase ammunition.

From April 8th, 2013: Individuals purchasing ammunition for a handgun must show the original registration papers, or a PTA in the name of the buyer, for a firearm that takes the ammunition being purchased. Photocopies of registration papers won't be accepted.

Please note, SSAA NSW and St Marys Indoor Shooting Centre strongly oppose these changes and believe they are another burden on licensed, law abiding firearm owners.
